1 The Committee proceeded to examine in detail the several Articles in Stores and compared the amount when measured, with that shewn in the Reg. All were found Correct.

2 The Gold lace received from England in June 1896 is very expensive, and cannot be issued as the different Departments in the State prefer the gold lace of Country Manufacture, and as the same, if kept for a long time in Store is likely to become tarnished and unserviceable, the Committee, to save further loss and enable the articles to get rid of, are that the English gold lace and the other articles mentioned below, that have remained in Stores for a long time may be reduced in prices as follows:—

yards

Yards	Inches	Pairs	Article	Present rate	Reduced rate	Loss
